
APPENDIX 1 WIAA POLICY STATEMENT OF NON-DISCRIMINATION

NOTICE: BE IT HEREBY MADE KNOWN, as a matter of public information, that the Washington Interscholastic Activities Association intends to comply with Article XXXI (Amendment 61), Constitution of the State of Washington, known as the State Equal Rights Amendment.

AUTHORITY: By the authority of the local school district, the Washington State Board of Education, and within the framework of Chapter 32, Laws 1975-76, 2nd Extraordinary Session, sponsored interscholastic activities programs in the secondary schools shall be administered by the Washington Interscholastic Activities Association. Local districts maintain the final authority regarding implementation of its activity programs.

DEFINITIONS

- A. "Discrimination" means any act that unreasonably differentiates treatment, intended or unintended, or any act that is fair in form but discriminatory in operation, either of which is based on age, handicap, national origin, race, marital status, religion or sex.
- B. "Interscholastic activities" are those activities that are generally voluntary and help students develop skills and/or attitudes in areas which are logical extensions of school curriculum involving two or more schools.
- C. "Employment" includes recruitment, hiring, retention, transfer, promotion and training.

ADMINISTRATION

The Washington Interscholastic Activities Association, under the limits of its authority, will guarantee that no person in Washington shall, on the basis of age, handicap, national origin, race, marital status, religion or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any activity.

Further: No person in Washington shall, on the basis of age, handicap, national origin, race, marital status, religion or sex, be discriminated against in terms of recruitment of selection.

Further: The Washington Interscholastic Activities Association shall provide students an opportunity in which rights and responsibilities are equally protected and emphasized.

Further: The Washington Interscholastic Activities Association rules and regulations shall provide guidelines for handling complaints of discrimination.

APPENDIX 2 POSITION STATEMENT ON BOYS' & GIRLS' PROGRAMS

WIAA is committed to strong athletic programs for all of its students. This means that there should be separate and equal programs for boys and girls. School districts are urged to work toward this goal.

In view of the 1975 State Attorney General's opinion, the opinion of WIAA attorneys, and considering 1983 and 1985 interpretations of Title IX regulations, the following policy statement is made:

1. If there are within a single sport two teams, one for boys and one for girls, boys should play on the boys' team and girls should play on the girls' team.
2. School districts may maintain separate athletic teams for boys and girls if it can be shown that it is the best way to provide students of both sexes an equal opportunity to engage in a sport (e.g., Tackle Football for boys, Volleyball for girls), and if the two separate programs provide substantially equal opportunities for competition, instruction, publicity and awards.
3. If school districts do not provide similar or equal programs for boys and girls, members of the opposite sex cannot be denied the privilege of turning out for a given team; and no school or school district may impose sanctions of any kind upon a coeducational team.
4. In addition to developing strong athletic programs for boys and girls, school districts should be considering coeducational programs in appropriate sports.

Definition of "Boys Team/Girls Team and Mixed Team"

The following clarification of this Position Statement adopted by the Executive Board on May 4, 1987:

School districts are encouraged to continue to provide equal opportunity for boys and girls in all sports.

Girls may, at the discretion of the local school board, participate with boys in any interscholastic activity if there is no girls team or equal opportunity for participation. Girls are eligible to turn out for baseball, even if softball is offered.

Any team consisting of both boys and girls shall be considered a boys' team and may compete only against other boys' teams. If a girl competes on a boys' team in cross country, golf or tennis, the girl is not eligible for the boys' state championship but is eligible to attempt to qualify for the girls' state championship in that sport.

Participation: Limitation Based on Gender.

Only students regularly enrolled in schools which are members of the WIAA in grades 7 to 12 inclusive may participate in the program of the WIAA and may represent only the school in which they are enrolled unless otherwise provided for by WIAA rules. Schools shall designate the sex of students allowed to participate on a team for each sport on the WIAA membership forms according to the following standards:

1. If the school provides only a team for boys for a particular sport, girls may compete and qualify for the boys' team.
2. If the school provides only a team for girls in a particular sport, the boys may not compete and qualify for the team unless opportunities for boys to participate in other sports in the school have been limited in comparison to the opportunities for girls to participate in other sports in the school.
3. If the school provides a team for boys and a team for girls in the same sport, girls may not compete and qualify for the boys' team in that sport and boys may not compete and qualify for the girls' team in that sport.

NOTE: The State Board of Education approved the Position Statement on Boys' and Girls' Programs with the following qualifications or disclaimer (adopted May 31, 1985):

This policy is approved only insofar as the second sentence of the opening paragraph, and paragraphs 1. and 2. of the policy are applied solely to grades 7 through 12 and with the further exception of the unequivocal statement that volleyball for girls and football for boys, or vice versa, qualifies as the provision of an equal opportunity and substantial equality in all cases (any case of separate teams and/or separate sports at the grade 7 through 12 level based upon sex must be justified and defended on the basis of the facts peculiar to that case).

APPENDIX 3 POSITION STATEMENT ON CHEMICAL AWARENESS STANDARDS FOR MODEL POLICIES FOR TOBACCO, ALCOHOL AND OTHER DRUGS

Philosophy: The WIAA and its member schools recognize that the use of tobacco, alcohol and other drugs is a significant health problem for many students, resulting in negative effects on behavior, learning and their total development. The use of tobacco, alcohol and other drugs by students affects academic achievement, personal growth, extracurricular activities participation and the development of related skills. Others affected by the misuse and abuse are family, teammates and other significant persons in their lives.

The WIAA and its member schools believe that the close contact of parents/coaches, advisors, students and communities in interscholastic activities and classrooms provides a unique opportunity to observe, confront and assist one another.

It is the philosophy of the WIAA and its member schools that students should be encouraged and supported in their efforts to develop and maintain a chemical-free lifestyle.

The position of WIAA is:

1. To emphasize the health and safety of students while participating in activities and the long-term physical and emotional effects of tobacco, alcohol and other drugs on their health;
2. To promote a sense of order and discipline among students;
3. To confirm and support existing state laws which restrict the use of tobacco, alcohol and other drugs;
4. To assist schools in the establishment of policies that are consistent with WIAA minimum standards of athletic and activity eligibility;
5. To recognize and support schools that have programs to assist students who desire to resist peer pressure which directs them toward the use of tobacco, alcohol, and other drugs;
6. To require local school boards of directors to adopt, administer and implement policies and procedures regarding tobacco, alcohol and other drug use by athletes;
7. To provide and assist the schools of the state in developing and administering model policies; to act as a clearinghouse for recent court rulings, opinions, trainers and facilitators.

APPENDIX 4 MIDDLE LEVEL PHILOSOPHY

MIDDLE SCHOOL PHILOSOPHY – Recognizing the unique developmental needs of the middle level student, the WIAA promotes activities that build student success through active participation, increased skillbuilding, and positive sportsmanship.

Participation

- Emphasize participation over win/loss records
- Provide opportunities for everyone to participate
- Balance competition with cooperation
- Encourage lifelong participation in activities
- Emphasize having fun

Skillbuilding

- Develop age appropriate skills
- Focus on fundamentals
- Develop skills as a foundation for improvement

Sportsmanship

- Develop a positive team attitude
- Encourage, cooperate and collaborate with peers
- Present positive adult role models that demonstrate self control and (mutual) respect

Middle School Coaches Shall Understand

- Students have varying levels of ability, and coaches need to present a developmentally appropriate program for students.
- Positive encouragement is the strongest tool for learning.
- Coaches should provide a safe environment for kids to “risk” and grow.
- Activities should be meaningful and fun.
- Fundamentals and practice are the building blocks for a successful athlete.
- Coaches are a key role model.
- Every team member’s responsibility is to encourage one another.
- Today’s superstar could be tomorrow’s bench warmer and vice versa.
- The importance of commitment and responsibility.

APPENDIX 5 WSCA SPORTS SEASONS POSITION STATEMENT

The following was adopted by the Washington State Coaches Association in 1985: The WSCA Executive Board goes on record as encouraging student-athletes to participate in the total school program and to experience as many activities as the school makes available. Specifically, the three sport WIAA calendar provides such an opportunity, whereby each season has a specific length for which an athlete can participate. The WSCA discourages coaches from elongating any season by encouraging an athlete to continue to work and compete in that specific sport rather than participate in another sport season. Should an athlete desire to excel in one specific sport by participating outside of the season, regimented practice or competition should not come from the specific sport coach.

APPENDIX 6 GENDER IDENTITY

DEFINITIONS:

For the purposes of this policy, the following definitions apply:

1. **Transgender Person:** A person whose gender identity does not match the sex assigned to him or her at birth. This cross gender identification is often referred to as gender dysphoria. When the gender dysphoria causes clinically significant distress or impairment, it is sometimes classified as Gender Identity Disorder. A transgender person who is born female-bodied but identifies as male is referred to as a transgender man or a female-to-male transsexual. A transgender person who is born male-bodied but identifies as female is referred to as a transgender woman or a male-to-female transsexual.
2. **Intersex Person:** "Intersex" is a general term used to indicate a person born with a reproductive or sexual anatomy and/or chromosome pattern that doesn't seem to fit the typical definitions of female or male. This may be the result of several different medical conditions involving chromosomal variations, hormonal variations, ambiguous genitalia, and/or an anatomy that includes both male and female characteristics. The medical term for this condition is a Disorder of Sexual Development of "DSD." "Intersex" is not the same as "transgender," although some people identify as both intersex and transgender. However, the two groups may face similar situations in needing to change gender designations for the purposes of participation in school activities.
3. **Gender Identity:** A person's deeply-felt internal sense of being male or female.
4. **Gender Expression:** A person's external characteristics and behaviors that are socially defined as either masculine or feminine, such as dress, mannerisms, speech patterns and social interactions.

CORE VALUES:

The WIAA Gender Identity policy has been developed based on the following core values:

- Recognizing the value of extra-curricular athletics for all students
- Emphasizing that participation in extra-curricular athletics is not just allowed, but encouraged for all students
- Striving to create a Gender Identity and Expression policy that could be a model for other state associations
- Adhering to Washington state and federal law regarding gender equity and educational opportunity
- Operating from the presumption that all students will have access to programs and eligibility policies
- Enacting a policy that will maximize flexibility and privacy with minimal restrictions
- Creating a level playing field for all students
- Reducing economic barriers, especially for minority populations
- Addressing the concerns of parents, teachers and coaches through an educational component
- Acknowledging that the WIAA policy will likely need to be reviewed and revised to reflect increased medical understanding and evolving societal norms
- Grounding a policy in sound medical practice
- Preserving existing practices regarding girls' participation on boys' teams as per current WIAA policy.
- Providing a space for intersex and transgender students to exist and thrive
- Reducing bullying and harassment of students

ASSIGNING/SUPPLEMENTAL FEES

There are no established statewide assigning or supplemental fees for senior high or middle level schools. The WIAA Executive Board has authorized schools and associations/boards to use the Supplemental Fee Negotiating Guidelines (available through the WIAA office). However, the use of the Guidelines is not mandatory. Should associations/boards and schools be unable to mutually agree on assigning or supplemental fees of any kind, the issues will be submitted to the WIAA Executive Director and WOA Commissioner for binding arbitration decision.

APPENDIX 10 CODE OF ETHICS

It is the duty of all concerned with school athletics:

1. To emphasize the proper ideals of sportsmanship, ethical conduct and fair play.
2. To eliminate all possibilities which tend to destroy the best values of the game.
3. To stress the values derived from playing the game fairly.
4. To show cordial courtesy to visiting teams and officials.
5. To establish a happy relationship between visitors and hosts.
6. To respect the integrity and judgment of sports officials.
7. To achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.
8. To encourage leadership, use of initiative, and good judgment by the players on the team.
9. To recognize that the purpose of athletics is to promote the physical, mental, moral, social and emotional well-being of the individual players.
10. To remember that an athletic contest is only a game - not a matter of life or death for player, coach, school, official, fan, community, state or nation.

APPENDIX 11 PHILOSOPHY OF DANCE-DRILL TEAMS AS ACTIVITY SQUADS

Interscholastic athletics shall supplement the secondary curricular program and provide students with educational experiences and learning outcomes that contribute toward the development of attributes of good citizenship. This can be accomplished only when emphasis is placed upon teaching "through school athletics". Interscholastic athletics can be justified only when this is the primary philosophy and purpose.

Being one of the most recognizable representatives of a school, Dance-Drill Team members are in a position of influence; therefore high standards of conduct are essential. Positive personal behavior and team cohesiveness demonstrate these standards. Appropriate behavior will help earn the respect of the student body which is the core of developing effective school spirit and student involvement.

THE PURPOSE OF DANCE-DRILL TEAMS:

- A. Dance-Drill sports teams compete as athletes. Members must condition, practice and warm up the same as other athletes in preparation for a performance.
- B. Dance-Drill team competition requires the development of physical skills, performed in a choreographed routine. During a competition the team's performance is judged. Dance-Drill Team competition is a part of the total educational program. Dance-Drill Team competition serves to develop leadership, confidence and skill.
- C. Dance-Drill activities teams serve as support groups for the interscholastic athletic programs within the school. Each team strives to boost school spirit, promote good sportsmanship and help student participants achieve the most worthwhile educational objectives of the interscholastic program.
- D. The role of Dance-Drill Teams as an activity is one of entertainment. Dance-Drill activity teams focus on creating a cooperative spirit among members and other groups within the schools, contributing to school spirit through performances and promoting good sportsmanship.

APPENDIX 13 HISTORICAL PERSPECTIVE OF WIAA

1900-1925

Although the records are not precise before 1925, there is considerable evidence to show that the schools in Washington were deeply concerned about interscholastic athletics. Shortly after 1900, the Washington High School Athletic Association was formed. Meetings were held in conjunction with the annual Washington Education Association conventions. A three-man Board of Control administered the affairs of the Association. Much of our basic philosophy was established, yet the need for more complete organization became apparent. The National Federation lists 1920 as the year of our official beginning.

1925-1958

1925 to 1958 saw considerable growth in the development and control of interscholastic athletics in Washington State. In February of 1925, by referendum vote, an assembly of eight (8) was chosen from eight districts to formulate rules for the Association. The next month the assembly was expanded to sixteen (16) to conform to the number that came to the State Basketball Tournament. During the ensuing years the number of Board of Control members increased from three (3) to eight (8), Representative Assembly members from eight (8) to thirty-two (32), and administrative districts from eight (8) to ten (10).

In 1936 our State joined the National Federation. The March 1946 Representative Assembly authorized the formation of a State Officials Association for Football and Basketball. The junior high schools of the state came under the jurisdiction of the Association through action of the September 1946 Representative Assembly. A Junior High Committee, created in March 1952, and now a permanent committee, drew up the current Rules for Junior High Schools. They went into effect in July 1954.

In 1950 Henry DeYoung became the first full-time Executive Secretary and offices were established in the Lloyd Building in Seattle.

1958-83

On July 1, 1958, WHSAA became WIAA. Debate and music were added to athletics to make our organization the Washington Interscholastic Activities Association. Proper constitutional changes were made to create permanent state music and debate committees. Two school directors became ex-officio members of the Representative Assembly. An Assistant Executive Secretary was added to the staff in July 1961. Wrestling officials were added to the WOA in 1963, and an Officials Association for Girls' Sports was added in 1974.

On May 1, 1964, the Association offices were moved to the WEA Building in Seattle. Regulations for girls' athletic activities were added to the Association by action of the 1967 Representative Assembly. In July of 1970, WIAA was privileged to host the 51st National Federation Annual Conference. The Association moved into its own office building near Lake Sammamish in Bellevue on November 1, 1971. In 1972 the Executive Board was increased from eight (8) to ten (10) members; and an Assistant Executive Secretary for Girls' Sports was added. In 1977, the Representative Assembly grew to thirty-five (35) members, and an Administrative Assistant for Publicity was added to the staff. The WIAA became a nonprofit, incorporated Association in 1980.

In 1981 the WIAA Districts were reduced from ten (10) to nine (9). The Executive Board membership remained at ten (10) with one member at large elected from the west side. The title of Executive Secretary was changed to Executive Director.

After 21 years of service to the schools of the State of Washington, Henry E. Rybus retired as Executive Director receiving the National Federation's highest service award in 1982.

During the 1982-83 school year WIAA "piloted" the catastrophic insurance coverage plan for the member school districts of Washington State. The plan was offered nationwide the following year.

1983-Present

In the summer of 1983 WIAA hosted the 64th National Federation Annual Conference.

In 1984, softball and soccer associations and boards were added to the Washington Officials Association. Additional state tournaments added in 1984 were: "AA" Girls' and Boys' Soccer; "A/B" Softball; "AA" Boys' and Girls' Swimming; and "A/B" Tennis.

Following the 1977 pioneering of the multi-championship football games of the "Kingbowl", WIAA offered the nation's first concurrent basketball tournaments in one facility at the Tacoma Dome in 1985, and added a second "AA" tourney in 1988.

"Project High Five" and the academic achievement recognition program were initiated by the WIAA Board during 1984.

Washington hosted the Annual National Federation Sections seven (7) and eight (8) meeting in October of 1985 and again in 1997.

In 1987, Cheerleading became a WIAA sanctioned activity and state tournaments for "B" Softball and "A/B" Golf were added. US Bank was the corporate sponsor of WIAA State Tournaments from 1987 through 1996.

In 1988 Theatre/Drama was added as a WIAA sanctioned activity and the "AA" and "AAA" classifications returned to a 16-team basketball tournament after 25 years of regionals. Academic state champions were recognized in each classification in each sport and activity under WIAA jurisdiction at the state championship events. After three years of study, the Washington Officials Association (WOA) and WIAA member schools entered into an unprecedented agreement with the Washington State Labor and Industrial (L&I) Department to assure workers compensation insurance coverage for all WOA Officials.

In 1989, Boys A/B Soccer and a separate Girls' A/B Golf Tournament were added and Mat Classic I took place in the Tacoma Dome. Dance/Drill became a WIAA sanctioned activity in 1990.

WIAA Schools named student "Dreamers and Doers" to the national Disney sponsored program starting in 1989-90. In 91-92 the program was discontinued, and the WIAA/ALPAC/7-UP/Hugh McElhenny scholarship was inaugurated for "Believers and Achievers".

John Olson joined the Executive Staff as WIAA's first legal counsel in 1990.

WIAA Executive Director Cliff Gillies was elected to and served as the National Federation President for 1990-91. That same year the sportsmanship recognition medallions were introduced at the state tournament contests.

The 1992 Spring Sports State Championships were first held statewide at three sites: Tacoma area (AAA), Spokane area (A/B), and Washington State University (Pullman area) (AA). AA/AAA Track (Startrack) and A/B State Track Meets remained at their traditional sites of Tacoma Lincoln Bowl and Eastmont High School. This was the state's first Springfest.

The Expulsion/Suspension Rule was adopted in 1992.

The State Board of Education adopted by resolution on May 29, 1990, qualification standards required for all interscholastic coaches by the school year 1994-1995. These standards were proposed by Representatives of School Directors, Superintendents, Principals, Athletic Directors, Coaches, and WIAA. The standards were also required of Cheer coaches and Dance/Drill coaches beginning in 1996.

In 1992 WIAA's first fastpitch softball tournament for AAA, AA and A was held for those schools who elected to play fastpitch instead of slowpitch.

The 1996 Representative Assembly added a fifth classification of schools and a separate Middle Level Representative Assembly, beginning with the 1997-98 school year.

Girls' bowling came under WIAA jurisdiction as a winter sport through action of the 1999 Representative Assembly. The state event for Dance/Drill became a championship, rather than a conference, event.

2001 represented the inaugural year for the Scholastic Cup program, in which points were earned for the top schools in each classification. Points were earned for academic and athletic recognition and were deducted for ejections.

2004 marked the first girls' wrestling invitational held in conjunction with Mat Classic XIV. In the spring of 2004, ten individuals and one team were inducted into the WIAA Hall of Fame in a special recognition luncheon at Seahawk stadium. Following the finalization of the sport seasons, schools had the option to declare cheerleading and dance/drill as an activity or as a sport.

Member high schools were divided equally into six classifications (1B, 2B, 1A, 2A, 3A, 4A) beginning with the 2006-07 school year. Thirteen new state championship tournaments were added as a result during the inaugural year.

APPENDIX 14 WIAA AWARDS PROGRAM

The Washington Interscholastic Activities Association Executive Board has established the following awards program that is designed to honor those individuals who, through their exceptional efforts, have served the youth of our state.

Meritorious Service Award - The Association Meritorious Service award is a special citation that is given to Executive Board or Representative Assembly members or other individuals for their dedication and exceptional service to WIAA, and who meet an established criteria.

Criteria:

1. A minimum of 15 years as a member of the Representative Assembly
2. A minimum of 9 years as a member of the Executive Board
3. A minimum of 15 years' combined service on or to the Executive Board and Representative Assembly.

The WIAA Executive Board will vote on the applications. To date, the Association has honored the following individuals for their exceptional work in WIAA. Their names appear on a plaque in the Association office, and each has received a lifetime pass to all State-sponsored events:

Donald Bagnall
Ralph Bayard
Dick Behrens
Bill Bieloh
*Leon Brigham
William Brown
Tom Byrne
George Carberry, Jr
Mark Cullen
*Henry DeYoung
Mrs. Genevieve Dick
Jack Dorr
*Clayton Dunn
Bob Eller
George Fisher

William Fisher
Gareth Giles
*Clifford Gillies
Dick Grabenhorst
*Robert C. Hall
John Hardman
Duane Heidenreich
Frank Inslee
Leonard Johnson
William Kramer
Gus Lybecker
Shirley McCandless
Ed McCoy
Buddy Gibson
J.D. Meyer

Joe Miles
Harold Moe
*Ted Muncaster
Dean Naffziger
*Henry Rybus
Lloyd Stannard
Del Schafer
Al Strom
Walt Thorp
*Barbara Twardus
Julius Wendt
Cecil West
Kim Wilson

*Also received National Federation citations.

Special Recognition Award - The Association's Special Recognition award is designed to honor deserving individuals for their dedicated and exceptional service to WIAA and the youth of our state. Recommendations for this award plaque are made to and approved by the WIAA Executive Board.

Officials' Meritorious Service Award - The Officials' Meritorious Service award is designed to honor athletic officials for their contributions through the officiating of athletics. The criteria used by local associations/boards in recommending recipients for these awards is as follows:

1. Be strongly recommended by the local association/board.
2. Has been active at least 15 years as a registered official.
3. Considered a "Top Official" in their respective area.
4. Has made contributions to the local organization beyond actual field representation. For example, was active in the apprenticeship program, aiding and guiding the progress of the young official.
5. Was an officer in the organization.
6. Displayed commendable citizenship and character.
7. Properly interpreted and administered rules.
8. Showed a professional attitude and enthusiasm for the work.
9. Contributed to state level committee work.
10. Outstanding state assignments.
11. Any official, active or retired, may be nominated.
12. Any recommendation for an award not fulfilling all criteria will be reviewed by the WOA Advisory board.

SCHOLASTIC ACHIEVEMENT AWARDS

In 1984 the WIAA Representative Assembly proposed a program of acknowledgement of outstanding scholastic achievement by those students participating in interscholastic activities.

The WIAA, in cooperation with the Washington Association of Secondary Principals, the Washington Middle Level School Principals Association, the Athletic Directors Association, the Washington State School Directors Association, and the Washington State Coaches Association, will make available to schools the following awards:

Outstanding Scholastic Achievement Award - To a team/activity group that achieves a 3.50 GPA or above. Qualification for this award is computed by the by the team/activity members as a group.

Distinguished Scholastic Achievement Award - To a team/activity group that achieves a 3.0-3.49 GPA.

Individual Awards - Individual letter insignias and certificates may be purchased from the WIAA office. Any student of a team having received a scholastic achievement award is eligible to receive the individual award. An individual school may establish more restrictive standards/qualifications if they desire. A student should receive only one insignia per year.

State Academic Champions - Nominations for these awards are to be submitted by the building principal on the designated form. The State Academic Champions in each classification and in each sport will be determined from the applications submitted within the established timeline. The State Academic Champions receive a plaque at their respective State Tournament.

CHEE CHEE AND CURT BRUSKLAND SERVICE AWARD

This award is presented to the individual(s) who exemplify the ultimate in service to the WIAA, either to the state association office or to WIAA member schools. These individuals have exhibited caring and kindness through their service that were a hallmark of the Brusklans.

Nominations are to be submitted to the WIAA Executive Board by April 1 of each year. The WIAA Executive Board will select the annual recipient(s) from the list of nominees.

GARETH GILES MEMORIAL RECOGNITION AWARD

Annually the Representative Assembly will select from nominations those persons who, by service to the ideals and purpose of the WIAA Representative Assembly, exemplify the leadership and dedication given all students and member schools by Gareth Giles.

The selection criteria includes:

1. A minimum of 5 years of service as a Representative Assembly member and/or WIAA Board member and/or Representative Assembly standing or special committee member.
2. Leadership in the WIAA legislative process and procedures.
3. Positive services in the resolution of problems.
4. Dedication and loyalty to the WIAA and the implementation of WIAA rules among the schools of the nominees' WIAA District.
5. Consistent promotion of the purposes of the WIAA in giving first consideration to the activity programs and participating students.

Nominations are to be submitted to, received by and verified by the WIAA Executive Board as meeting the criteria by December 1 of each year. The Representative Assembly will select the annual recipient(s) from the list of nominees verified by the WIAA Executive Board.
